\$11.69 billion

This direct spending added another 493,235 full-time jobs indirectly and \$78.37 billion in gross value add to the Australian economy, contributing 7.7% to gross regional product!†

*Combining CME member surveys and annual reports, this actual expenditure represents 82.7% of the WA resources sector by production. Where local spend is sourced without postcodes, this is assigned to the rest of Australia.

†We model the indirect flow on effects by using these payments made directly to businesses, community, local councils and government, as well as HR headcounts of contractors.
