

## Total direct economic contribution to Western Australia

In the region of **Great Southern**, total direct contributions of \$69.13 million went to supporting...

Spending in this region added another 304 full-time jobs and \$34.84 million in gross value add to the local economy!

Combining CME member surveys and annual reports, this actual expenditure represents 82.7% of the WA resources sector by production. Where local spend is sourced without postcodes, this is assigned to the rest of Australia.

We model the indirect flow on effects by using these payments made directly to businesses, community, local councils and government, as well as HR headcounts of contractors.
